## Is Mayor Lee to Run Again? || Crippen Appeal Heard || Logan Defies his Accusers

### CRIPPEN ONCE MORE IN COURT. APPEAL BEING HEARD TODAY

Tobin, Crippen's Lawyer, Appeals on Ground That Juryman Not Properly Watched—This Appeal Was Dismissed.

(Canadian Associated Press) London, Nov. 5.—Appeal of Crippen against conviction for murder came up today before Justices Darling, Pickford and Chynell, sitting as a court of criminal appeal. Crown counsel were Miss Travers, Humphries and Oldie, while Tobin, Jenkins and Romme appeared for defence. The limited accommodation for the public in the court room was fully taken up. Tobin explained the report that he had returned his brief and the court accepted his explanation. Crippen was not in court but was said to be in the building in charge of warders. Tobin in the starting grounds of appeal complained that a juryman had absented himself from the rest of the jury while sick, without being in charge of a proper officer of court. A long argument followed on the point, and question as to what was proper charge was fully discussed. Some evidence was taken, and while this was being heard Crippen was given a seat in the dock. He was in charge of three warders, and seemed to be nervous for incarceration. He preserved the same impassive air that characterized his demeanour during the trial at old Bailey. At the end of the argument the judge consulted upon the point raised, and their consultation was closely watched by Crippen. Judge Darling announced that there was no evidence of tampering with the juryman or of presumption that this occurred. Appeal on that point, therefore, failed. Tobin then addressed the court on the next point of appeal, which was that the evidence of Crippen's buyer for Jones Brothers, had been wrong fully admitted after case for defence had closed.

### Hint That Mayor Lee May Be Candidate for Third Term as Mayor

Owing to a misunderstanding as to the days on which the I.O.O.F. hall, on Norwood Boulevard, was rented, the Municipal League were informed that they could not have the same for Wednesday next. It was afterwards discovered that this date was already taken and the League meeting is announced for Thursday evening next. This will be the first opportunity Mr. A. E. Potter will have to test his scheme for the solution of the trunk line railway difficulty before the citizens in detail. Mayor Lee's challenge and invited to attend and has announced that he will be there and ready if possible. The League wish to announce that if Mayor Lee is unable to be present any other opponent of this or any other portion of the League platform will be given a hearing whether member of the League or not. The I. O. O. F. Hall is only four doors east of the car line on the Boulevard and is thus accessible to all, and with almost a week's definite announcement of the practical opening of the 1910 Municipal Campaign, it looks as if Thursday night will see a wholesale invasion of Norwood. It is hinted that Mayor Lee's speedy acceptance of the challenge thrown at him presages his early announcement of his candidature for a third term.

### C.P.R. OFFICIAL SAYS HE FAVORS OVERHEAD BRIDGE

Messrs. F. W. Peters, assistant vice-president of the C. P. R., accompanied by W. B. Lammigan, and John Halsey, also officials of the city commissioners, are guests at the Alberta Hotel. When interviewed by the Capital this morning, Mr. Peters stated that his business in Edmonton was to interview the city commissioners in connection with suggestion that an overhead bridge be placed at the corner of Ninth and Jasper, instead of a subway. "We are prepared to adopt the suggestion of the city commissioners," said Mr. Peters, "but nothing more definite can be said until we hear from our chief engineer on the matter of grades." Later in the morning, Mr. Peters had an interview with Commissioner Boulton on the matter.

### WIDE EPIDEMIC STARTS FROM ONE SMALL HOTEL

Eleven Ontario Towns Now Suffering from Typhoid as Result of Bad Water at Country Hotel.

Toronto, Nov. 5.—Such an epidemic of typhoid fever from a single case as the terribly fatal one that is supposed to have originated from drinking polluted water at a hotel in Ontario village during the summer, has been known to prevail in one district in Canada before.

### CHINESE THRONE YIELDS TO PUBLIC

Pekin, Nov. 5.—The throne has been decided to accede to the demand of the senate and the provincial delegates for the early convocation of a popular parliament, according to advice today. The senators, who understood this to mean that their memorial would be granted, received the declaration of the prince with loud and prolonged cheering and applause. The importance of this concession on the part of the government can scarcely be over-estimated in view of its refusal to entertain a similar request made by a delegation from the provincial assemblies last June.

### REGIMENT COMING FROM ENGLAND

King Edward's Horse Will Visit Canada Some Time Next Year.

RICH MEN MAY FOOT BILL  
Even If Home Government Does Not Help the Regiment Will Come.

(Canadian Associated Press Cable.) London, Nov. 5.—The Pall Mall Gazette says preparations are being made to send King Edward's Horse, formerly the Kings Colonials, to Canada in 1911. At present it is not decided whether the tour will have financial help from the home Government or not, but the undertaking will be independent of such aid, since a band of rich Londoners are prepared to foot the bill. The proposed visit of King Edward's Horse was no doubt inspired by the success of the Queen's Own visit to England.

### WISHED HE LIVED 600 YEARS AGO

Then He Might Have Understood Meaning of Certain Word, Says Justice Stuart.

ONE QUOTES C. C. McCAUL

Says His Book on "Vendors" Is Handiest—Judge Read It Before Publication.

"I wish I had lived in the thirteenth century and been educated in a monastery," said Mr. Justice Stuart yesterday in the Supreme Court. "Then I might have understood the distinction between 'redemption' and 'repudiation.' I have to think pretty hard to see any difference."

The case was that of Campbell et al vs. Bradley, in which the defendant Campbell and other parties bought town lots in Wetaskiwin during the boom of 1907. No title was shown and none asked for payments full due and were left unpaid and finally after the expiration of the term of the contract, the money was tendered with the stipulation that the title should be produced inside of ten days. This was impossible and the complainants sued for rescission of title on that ground.

The defendant J. A. Bradley claims that the lots are now worth only half their previous price and that he has so far been prevented from selling by knowing that they were tied up because he is trying to hold the plaintiff to the contract.

Abundant authorities were quoted in support of their claims by the lawyers E. D. A. Wilkins of Wetaskiwin for the plaintiff and A. Knox for the defence. Mr. Wilkins buttressed his plea by a strong appeal to a book by Mr. C. C. McCaul on "Vendors and Purchasers" which he referred to as "the handiest volume I have ever seen in print on contracts."

"Yes," said His Lordship. "I read it before it appeared in print." Justice Stuart remarked during the course of the pleading:

"Considerable indulgence has been shown by this court to purchasers. I think a certain amount is due the vendors."

Judgment was reserved.

### CHILD'S CRY BREAKS A MAN'S JAW

Father, Awakened by Infant With a Croup, Yawns and Dislocates Joint in Face

Kokomo, Ind., Nov. 5.—Awakened by the cries of his child, which was sick with croup, Bert E. Oakley yawned and threw his jaw out of place. He was unable to close his mouth until a physician arrived.

### WILL ONTARIO SELL RAILWAY?

The Report Revived That Grand Trunk Pacific Is to Get the Line.

EARNINGS . . . FALLEN OFF  
But Hon. Dr. Reaume and Chairman Englehart Scout the Idea of Sale.

Toronto, Nov. 5.—Is the Grand Trunk Railway casting sleep's eyes at the Temiskaming and Northern Ontario Railway? It would seem so. Those well-informed in railway affairs believe that Mr. Hays' company would like very much to make the Government line from North Bay to Cochrane an integral part of its system, and this attitude of mind on the company's part has no doubt given rise to the constantly recurring rumor that the T. and N. O. is for sale.

Once more a rumor comes from North Bay that the government is willing to sell. In support of the rumor it is pointed out that junction effected with the G. T. P. at Cochrane would give the G. T. P. a quick route from the west to Toronto and Montreal. It is also pointed out that the earnings of the government road have this year fallen below the mark and that the annual statement will show a deficit.

There is little doubt, that when the G.T.P. is ready for operation as far as Cochrane, the G.T.R. will secure running rights over the government road, and will thus have a direct line through to the east. "I guess the wish is father to the thought," said Mr. J. L. Englehart, chairman of the T. and N. O. Commission, when shown the North Bay despatch. "Just whose wish had fathered the thought he would not explain, but he left it to be inferred that it was the G. T. P.'s wish."

"It's news to me," said Hon. Dr. Reaume, when shown the same despatch. "The Minister of Public Works, under whose department the railway comes, was quite emphatic in the statement that no negotiations were in progress."

### HE WAS CASTAWAY IN SASKATCHEWAN

A Russian Jew, who attempted to cross the Saskatchewan River at a point opposite Little's brick yard to the Dawson coal mine, this morning, in a flat bottomed boat, went through a novel and exciting experience. The man was crossing from the Edmonton side, and when he reached the centre he lost an oar, at the same time losing control of the craft which was drawn into an eddy, from which he was powerless to extricate himself on account of the drift ice. He stayed there for several hours, until he was finally assisted from his predicament by Inspector Snell, of the penitentiary, who attached a stone to the end of a rope and threw it out to the marooned man. Previous to this repeated efforts had been made to effect a rescue by the aid of a rope, but the remains for Snell or him upon the stone.

A fellow countryman of the castaway nearly lost his life in an attempt to rescue his comrade. While crawling out on the thin ice, which had formed on the river at that point, by the aid of pieces of boards, he fell into the water, but managed to hold onto a pole until rescued.

### OUTLAWS RAID IN A MINDANAO ISLAND

Eight Christians and Two Chinese Were Killed By These Filipinos.

Washington, D. C., Nov. 5.—Eight Christians, one an American and two Chinese, were killed and much property destroyed by rebellious Manobo tribesmen in the Philippines, according to a report from Brig. Gen. Henry S. G. For a week two bands have been terrorizing the people on the west coast of Davao in southeastern Mindanao island.

### DAIRY INSPECTOR TO FIGHT SLANDERERS; SAYS THEY'RE LIARS

Andrew Logan Very Angry at Charges Made by Edmonton City Dairy People—Dr. Whitelaw Supports Milk Inspector and Says Allegations are Absurd.

The health department is greatly incensed over the charges of partiality and of interfering needlessly in the business relations of the Company levied against Andrew Logan, the dairy inspector, by Manager Prevey of the Edmonton City Dairy Company. Not only does Mr. Logan denounce the allegations as "absolute lies" but intends to take action against Manager Prevey for defamation of character.

The trouble between the dairy inspector and the City Dairy Company has its origin prior to the appointment of Mr. Logan to the office of dairy inspector, and has led up to the charges against him by the dairy inspectors. The charges, specifically, are that the dairy inspector discriminates against the City Dairy Company in making his reports, and also that the compilation of the dairy card, by which method the health department keeps a record of all the dairies supplying milk to the city, and inspectors in their business relations persuading the producers to sell their milk to other dealers.

They are all lies. "They are absolute lies," all of them," said Mr. Logan to the Capital this morning. "I have done my duty impartially in every way, and have held up high ideals to the farmers supplying milk to the public, of supplying pure milk from well-cared for herds."

### GOOD ROAD TO THE LANDING WOULD MEAN A BIG SAVING

Citizens of Athabasca Landing Have Started Agitation for Better Road—Committee Now Working on the Matter.

An agitation has been started by citizens of Athabasca Landing to have the road between here and the Landing materially improved. Money has been spent on the Southern portion of the road between here and Egge's, but beyond there the road is practically in the state it was ten years ago. For twenty miles it is a mere track through the bush and the sun and wind seldom reaches the mud to dry it after a spell of wet weather. Consequently with constant travel bad ruts have been worn in places and after rains it is nearly impossible for a heavy load. Hence the Edmonton Board of Trade has been approached to lend its assistance to secure substantial government aid. "I have been gathering some statistics on that point," said Mr. Fisher this morning. "and we believe that it will justify a considerable expenditure."

### PLASTERERS ARE FAR FROM BEING BEATEN YET, THEY SAY

"The report in last night's Bulletin that thirty or forty men had been put to work in the city is absolutely false," said Mr. Geo. Jassick, President of the Plasterers' Association, in answer to a question by a Capital reporter this morning. "Only six men so far have come in and we get three or four more."

"What do you say to the statement that a number of the contractors have men at work?" asked the reporter. The three men that Ralston and Ennes have work consist of the contractors themselves and one plasterer. Leitz Pretz and Wall have only one plasterer; the rest are all laborers. There are no plasterers working on the High School, the 17th St. School, the Crystal Block, nor any of the big buildings and we are well along."

Marriage Licenses, Jackson Bros. The Ball official standard watch. Jackson Bros.

### TIGER HOSTS INVADE CITY

Yellow and Black Rooters, 200 Strong, Arrived This Morning By Special Train.

MANY ATHLETIC EVENTS

The Eskimos Expect to Reverse The Score of Thanksgiving Day—Game Starts at 3 Sharp.

The Calgary Tigers, Rugby champions of Alberta, are in town, accompanied by over 200 rooters, who crowded a special train from the South. Yellow and black ribbons are to be seen everywhere on Jasper avenue and judging from the enthusiasm manifested, Diamond Park should be a busy spot this afternoon when Eskimos and Tigers meet at three o'clock.

In addition to the Tigers, there were three other teams on board the special Western Canada College rugby train, the Grain Exchange Bowers and the Calgary Normal school soccers. Starting at 10.30 this morning with the soccer game, Diamond Park will be busily engaged until 5 o'clock this afternoon and Edmonton hopes to take a fair percentage of victories from the invading host.

Tommy Dykes, the Eskimos' star full back, announced this morning that he would be unable to play on account of a damaged foot, while to add to the misfortunes, Capt. Gibson will be kept on the side lines with a bruised shoulder. McCarthy and Kennedy will replace the two regulars.

The teams for this afternoon are—Eskimos—Full back, McCarthy; halfbacks, O'Donahue, Wilson; guard, quarter-back, Crickmore; scrum, Vermette, Edwards, McDonald; wings, Coombs, Parsie, C. McDonald, Starke, Bishop and Kennedy. Tigers—Full-back, Barton; halfbacks, Pinkham, Dobbie and Madden; quarter-back, Ross; scrum, Johnson, F. Johnson and Wood; wings, Priestley, Meen, Gibson, Beatt, Fitzgibbon, White. Referee—C. H. Belanger.

### MORMONS ORDER POLYGAMY ENDED

Church Gives Definite Command That Plural Marriages Must Cease.

SUBMIT TO FEDERAL LAW

Salt Lake, Utah, Nov. 5.—Officials of the Mormon church have issued definite orders that polygamous marriages must cease. Francis M. Lyman, president of the quorum of the twelve apostles, who is next in succession to the presidency of Joseph F. Smith, warned all Mormons that any violation of this order would subject the actor to wrath of the church. "In giving the manifesto to the church," he said, "President Wilford Woodruff presented the will of God. It was his bidding on the church; any further revelation, and we are bound by it. It is as if God said it himself. Some of our brethren who were not satisfied with the manifesto have gone outside and over the law, and they have offended God in doing so."

Order Law of Church. "In the manifesto President Woodruff notified the saints that they need not do celestial marriages any longer; but on the sixth day of April, 1904, that notification was made the law of the church. It is prohibitory."

"There is not a man on earth today possessing the authority to perform plural marriages. We want every one of you to clearly understand this, the sisters particularly. Plural marriages are unrighteous and unlawful now. We demand the constitutionality of the laws; but they have been tested and sustained in the courts and we must obey them."

FRIDAY, NOVEMBER 4, 1910

Lord Morley's resignation as secretary of state for India does not come as a surprise. He is an old man now and has had, with the troubles that have arisen in the Orient, a most burdensome task on his hands. Generally speaking, public opinion is agreed that he has performed his work well. It was a strange turn of fate for a man who began his public career as an extreme philosophical radical, to be called upon to repress a popular movement in India. But he did not let any theories run away with good sense. No ideas of government can be safely applied without regard to the past and present conditions of the people concerned. To apply thoroughly democratic principles in India was to produce anarchy. The Earl of Crowe, who succeeds, has had long administrative experience and is leader of the party in the House of Lords. Canadians are, of course, much interested in the succession of Mr. Lewis Vernon-Harcourt to the colonial secretaryship. He has a great name to maintain the conditions of, and is of one of a trio who constitute the rising hope of Liberalism, though he has not the aggressive qualities of the other two, Lloyd-George and Churchill, and is not likely to travel as far as they.

Assistant Commissioner McIlree of the Mounted Police has retired, after having occupied that post for a period of nearly twenty years. He joined the force back in the seventies and has been no small factor in bringing it to its present high state of efficiency.

Such an article as that republished yesterday in the Capital from the London Economist, is of the greatest value to Edmonton. Through the Board of Trade the fullest opportunities were given the representative of this, the foremost British financial paper, of sizing up the city and its possibilities, with the result that we receive publicity of a kind that money cannot buy. The policy that has been followed of devoting the closest attention to those visitors who, it is most in the interests of the city, to send away with a good impression, is carried along so quietly that many citizens may wonder what the Board of Trade is doing. But there can be no question that it is more effective than more sensational methods.

Mr. Borden makes this statement in regard to the bye-election in Drummond and Arthabaska: "The result is not surprising. Laurier, leader of the opposition in 1895, has defeated Sir Wilfrid Laurier, prime minister of 1910. The Nationalists in Drummond and Arthabaska used exactly the same policy and exercised the same strategy that Laurier himself used in 1896 and for many years before in the province of Quebec. The master has been beaten by his own disciples. The pupils learned their lesson too well and refused to forget it. There is a homely English proverb that chickens always come home to roost. This has never

been better exemplified in a political sense than by the result just announced from Drummond and Arthabaska."

Mr. Borden's statement is not easy to understand. The navy was the sole issue in this election and it was the first election in which it had ever been discussed as a matter of practical politics. Sir Wilfrid should be judged by what he has done in 1910 in the handling of this immensely important problem, not by what he may have thought or said in 1896. As for chickens coming home to roost, the question of first importance that the result in this election gives rise to, is whether the new member will roost alongside Mr. Monk on the Opposition benches as a supporter of Mr. Borden. Will the latter accept the fruits of the victory? Does he intend to endeavor to bring about the defeat of the government by attacking Sir Wilfrid in the English provinces for not going far enough on the naval issue and then accepting as colleagues those who defeat his candidates in Quebec because he wants to do too much for Britain. The following extract from a speech delivered in behalf of the successful candidate in Drummond and Arthabaska illustrates the character of the campaign:

"The navy is a conspiracy of the English to drown the Canadians. Laurier has consented after having betrayed us as regards our language, to man all the ships of war which we will have with French-Canadians. This will take 50,000 to 60,000 men, all fathers of families or young men on the point of so becoming, who will have to go to Japan, China, or Oceania, under the command of English officers, who, wishing to make our race disappear, will see to it that these ships go to the bottom of the sea. Laurier has sold us to the English in return for the honors he has received, and in twenty-five years there will be no French-Canadians left."

## What Others Say

## WHAT EASTERN PAPERS SAY ABOUT THE BYE-ELECTION

Mr. R. L. Borden

Ottawa, Nov. 4.—Discussing the bye-election, R. L. Borden said: "The result is not surprising. Laurier, leader of the opposition in 1896, has defeated Sir Wilfrid Laurier, prime minister of 1910. The Nationalists in Drummond and Arthabaska used exactly the same arguments, proclaimed the same policy and exercised the same strategy that Laurier himself used in 1896 and for many years before in the Province of Quebec. The master has been beaten by his own disciples. The pupils learned their lesson too well and refused to forget it. There is a homely English proverb that chickens come home to roost. This has never been better exemplified in a political sense than by the result just announced from Drummond and Arthabaska."

Montreal, Nov. 4.—The Gazette says: "The defeat of the Laurier government in Drummond and Arthabaska for some days past has been apprehended by the government as well as by the opposition. Laurier's two journeys to the constituency showed tears as to what might happen. While the defeat is richly deserved because of the sins of the commission, the commission was the chief factor in bringing it about."

## The Gazette

"In 1906 Liberals argued that the militia was an 'old Tupper' Chamberlain plot to make French Canadian conscripts for the British empire. They told of homes broken up, bones left to bleach on the plains of Africa, etc. This was the beginning of 'solid Quebec,' which has been behind Laurier for fourteen years."

"Bourassa declared as his position that the country should not be committed to the naval policy till the people were consulted. 'There was nothing in the government's general record to create enthusiasm for high taxation and wasteful expenditure aggravated in many cases by graft, which do not gain public respect for those who are responsible, however much a few beneficiaries may rejoice in them. They are what chiefly mark the Laurier administration. 'The result of the election will be

good. It will make both ministers and their followers understand that henceforth the cry that they are for Laurier will not be accepted as a reply to proper criticism of ministerial conduct and for this reason the rending asunder with Laurier's own powder of Laurier's solid Quebec will be a good thing."

## The Globe

Toronto, Nov. 4.—The Globe says the election of Mr. Gilbert means that the Bourassa propaganda has made more progress than had been imagined and most vigorous steps must be taken towards putting the actual conditions as to naval defence before the electorate all over the province.

The Globe says: "The Nationalist, servative ultramontane coalition has won a victory that will in the end prove to be its own undoing. The most indefensible position is that of the Conservatives who in their eagerness to aid Mr. Bourassa's candidate have gone to lengths in arousing hatred of Great Britain that will shock the country when fully disclosed." The Mail and Empire rails the result as a case of retributive justice, Sir Wilfrid Laurier having been, it declares, the founder of the Nationalist principle. The paper continues: "The disaster to the government is ominous. It means that the prestige of Sir Wilfrid in Quebec is shaken. It means that the general policy of the government is not sufficiently satisfactory to nullify the adverse sentiment which the naval scheme has evoked. It suggests that in a general election the slump from the government all over the province would be so great as to make its defeat certain and a realignment of parties imperative."

## The World

Toronto, Nov. 4.—The World says: "The vote in the county of Arthabaska in the province of Quebec against the Canadian navy that might help in the defence of the British empire, is a challenge to the English-speaking people of Canada that they must heed. It is one other manifestation of that Nationalist movement among the French Canadians that means more the disunion than for unity."

## THE FIELD-MARSHALL LORD AH KITCHENER

(Oriol in Melbourne Argus.)  
The rumor is reported from London that Lord Kitchener has been invited by the government at Peking to organize the Chinese army.

Behold him in his sky-blue smock,  
Flag-tail without a hitch in her!  
He comes upon us with a shock,  
Field-marshal Lord Ah Kitchener!

No lamels for his pluck to win  
(A quality he's rich in), or  
A home for him, except Peking,  
Field-marshal Lord Ah Kitchener!

He's out of harness, cannot wear  
The collar or the britches, or  
Shift England's troubles anywhere,  
Field-marshal Lord Ah Kitchener!

Old England's mind seems pretty loose—  
They ought to put a stitch in her!—  
Else how could she a job refuse,  
And make him Lord Ah Kitchener!

He does not like an idle place;  
For work he's fairly itching—  
A stupendous task he'll gladly face,  
Field-marshal Lord Ah Kitchener!

This rhyme has run a curious road,  
For while my tale I'm pitching, a  
Fatigue besets me with the load  
Of finding rhymes to Kitchener.

And yet I think old England must  
Feel some uneasy twitch in her,  
If she has shelved amid the dust  
Field-marshal Lord Ah Kitchener!

BEN HOLMES

As Ole Olson, Empire Theatre, November 4-5; Matinee Saturday.

## HOME INFLUENCE ON CHILD LIFE

Environment the Big Factor in Making Good Citizens (Contributed)

Man is a reasoning animal, which is considerably in his favor implying as it does (if this ability he not entirely latent) that he is amenable to good reason and competent to discriminate with more or less efficiency between good and inferior logic.

Most of you who are in this Great West have come here in search of scope; comparatively few have been born right in the country. Many of you have faced difficulties. Many of you know what it is to stand alone. Those who have contended with the isolation of the northern stretches of this country know something of the feeling of a homeless child. You may just about your hardships but in the measure that you are a true westerner you turn to the child to make its journey through life less sharp.

Were the troubles of your boyhood any less sharp than those of manhood; that flogging in school, the abject misery and feeling of disgrace any easier to bear than some of your later difficulties? Were you more disappointed when the mine fizzled out than when the sugar, cake and preserves were locked in the pantry? I venture the latter was the keener disappointment of the two—otherwise you were not built after the fashion of the great majority.

The very helplessness and dependency of a child place it absolutely at the mercy of the adults in whose charge it remains. They have power to mould it into a worthy citizen—if they but truly understand it, or to so warp its character that it is a source of unhappiness to itself in particular and a menace to the community at large.

The lack of true home life is back of nearly every wrecked life. You as Westerners know something of home life and something of the lack of it. You are therefore better fitted to judge of the cruel lack there is in the life of the homeless child. Blood counts but environment more so. The child in your home bears the stamp of the environment of that home.

In dealing with a delinquent child (whose need is truly great) we endeavor it possible to bring the child to a good standard. If this plan falls down and no relative steps forward to fill in the breach, we keep a look out for the best home among our various applicants.

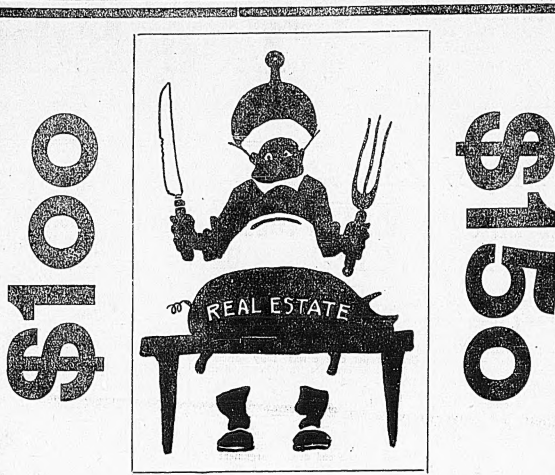

An estimate of the number of boys who drift into unfortunate and criminal channels owing to homelessness would be an interesting addition to statistics. It certainly would surprise many of us and forever stamp the value of true home life in an increased value and a clearer die.

The absurdity of discharging a delinquent child into his harmful old environment with no protection against it is patent. The Province of Alberta endeavors to meet this need with her system of probation. A boy who needs moral help and training is required to report to a probation officer, who does his level best to boost the boy along direct lines and teach him that only right living declares a dividend.

Along this time of year it's what you'd notice easier to keep the furnace fired up than to let a plumber tax you for burst pipes. It is easier to prevent a child going wrong than for the state to outlay say \$10,000 if it has a life incarceration? Is it cheaper? The earnings of a three dollar a day man in a twenty-five year utility period are \$22,500. The state goes in the hole for his lost earnings and his expense, viz.: \$22,500.

You men who open your homes to some sturdy normal child and snatch him from an environment which is bound to damn him, are applying reason along lines which render you benefactors not only to Canada but to humanity. All you who keep your furnaces burning and welcome into your home children who are less fortunate than your own, children who need you—rest assured that you have in some humanitarian effort kept open the channels of life and usefulness for some poor struggling child.

The Superintendent of Neglected Children, Edmonton, invites correspondence from all persons interested in child help.

Are you going to get a share of this?

# Wainwright

## FOUR GOOD REASONS WHY

Wainwright will make one of the Leading Cities of Western Canada  
Investments in Wainwright Property will prove Highly Profitable

### Trade Centre of Rich Farming District

WAINWRIGHT is situated on the Main Line of the Grand Trunk Pacific in Eastern Alberta. It is 127 miles east of Edmonton and 200 miles west of Saskatoon, and is easily the largest, busiest and best town between those points.

WAINWRIGHT is but two years old, yet it has 1,000 population, property assessed for taxation at \$750,000, half a mile of cement sidewalks, an \$800 brick school, two brick yards, substantial business blocks and residences, some of them constructed from home-made brick, two big hotels, and all the various lines of business that go to make up a live, bustling town.

WAINWRIGHT has tributary to it one of the finest farming districts in Alberta—a district especially adapted to grain growing, mixed farming and ranching. Of the 100,000 acres immediately tributary to the town, 50,000 acres are the choicest Alberta Red wheat land which produced an average of 22 bushels to the acre in 1910 against an average of 15 bushels for all Western Canada; 30,000 acres are suitable for mixed farming, and 20,000 acres are the finest grazing land on the continent.

WAINWRIGHT territory includes a portion of the famous Cut Knife country, admittedly one of the finest farming sections of all Canada. But a small percentage of the land has been broken up, but the yields of grains, vegetables and root crops have been enormous. Yields of 40 to 50 bushels of wheat and 75 to 90 bushels of oats are not uncommon, and the quality is the best. No finer potatoes are grown in the Dominion. The climate is tempered by the Japan Current, there is plenty of precipitation during the growing season, and the long summer days and hot sunshine are conducive to rapid growth of vegetation.

### Distribution Point of many good Towns

WAINWRIGHT is rapidly achieving renown as a wholesale distributing point, and it is well known that it is distribution that makes cities. As a distribution centre, Wainwright is without a rival between Saskatoon and Edmonton. It enjoys a decided advantage over the latter point in thorough freight rates, an advantage which big concerns have been quick to realize.

WAINWRIGHT, although but two years old, is the distributing centre for four large concerns—the International Harvester Co., the Massey-Harris Co., the Imperial Oil Co., and A. McDonald & Co., who use it as a base from which to supply the retail trade for a distance of 50 miles east and 70 miles west on the Main Line of the Grand Trunk Pacific.

WAINWRIGHT will be the head and operating base of the Battleford Branch of the G. T. P., to be built along the fertile valley of Battle River next year. This branch will tap one of the oldest and one of the richest agricultural sections of Alberta, and will make an important contribution to Wainwright's trade territory. The new town that will spring up along this line will look to Wainwright for their supplies, and the products of this district will go to Wainwright to reach the Main Line of the G. T. P. for shipment to eastern and western markets.

WAINWRIGHT retail merchants will be enabled to buy goods as cheaply at home as they will in Edmonton, and by saving the local freight on them, will have a considerable advantage over competing towns.

### Divisional Point of G.T.P. Ry.

WAINWRIGHT is one of the principal divisional points on the Grand Trunk Pacific Main Line. That the railroad company expected to be an operating base of no little importance is evidenced by the fact that it located there a 12-stall roundhouse, repair shops, a \$12,000 depot and 14 miles of side tracks.

WAINWRIGHT has about 80 resident railway employees, and their monthly payroll is approximately \$7,000. Practically all of this money is paid to Wainwright merchants, or is put into Wainwright real estate and improvements. As traffic on the Main Line of the G. T. P. increases and with the opening up of the Battleford Branch, the force of resident railway employees will be largely increased.

WAINWRIGHT, being division headquarters, is the home of not only train crews, shomen and truckmen, but of superintendents, roadmasters, foremen, dispatchers, clerks and other officials who command good salaries and are a substantial addition to the business and social life of the town. Many of these railroad employees have built good homes in Wainwright during the past year, while a large number of them are putting a portion of their earnings each month into Wainwright real estate as an investment.

WAINWRIGHT has a wide-awake, energetic class of business men who, through the local Board of Trade, are unceasing in their endeavors to advance the interests of the city. The city officials and councilors are men of the same stamp, and the permanent and substantial character of all public improvements show that they believe in the town and in providing for its inevitable growth in population.

### Location of National Buffalo Park

WAINWRIGHT is the location of the Canadian Government's National Buffalo Park, the home of the largest herd of Buffalo in the world. This park, which adjoins the town on the south, contains 70,000 acres of fine grazing land, fenced with an 8-foot woven wire fence which alone cost \$75,000. In the park are upwards of 800 Buffalo, gathered together from various points, principally from the few remaining herds and groups in the States. Recently as told in the press dispatches, a shipment of 20 head was received from Montana, where the entire Park herd, the largest on the continent, was purchased. The park contains also several moose, deer, and other animals.

WAINWRIGHT, because of its Buffalo Park and other points of interest to visitors, is destined to become one of the leading attractions for tourists on the continent. It has now the only remaining herd of Buffalo worthy the name. Under the conditions in the National Buffalo Park it is believed that the animals will multiply in numbers, and that as a result of the action of the Dominion government in establishing this park, the extinction of the North American Bison will be prevented.

WAINWRIGHT and the Buffalo Park will be featured in the advertising of the Grand Trunk Pacific, and in the literature of the Dominion government and two such institutions as the greatest transcontinental railway on the continent and the Canadian Government back of it, there is little likelihood that the world will be allowed to overlook Wainwright.

# Grand Trunk Pacific

Now Makes Its First Offering of Lots in Sub-Division Adjoining Original Townsite of Wainwright

### Wainwright Has Never Been Boomed

You do not remember having seen before any newspaper advertisements offering for sale lots in the Grand Trunk Pacific Townsite of Wainwright. It is a fact that this is the first time that the G. T. P. has undertaken to call the attention of the public especially to Wainwright. Nevertheless practically all of the original townsite, laid out by the railroad, has been sold, and for several months past the G. T. P. has been importuned to put this subdivision on the market, in order that additional desirable building sites close in and convenient to the school and the churches might be available.

Wainwright, like Topsy, "just grew." It grew because people who investigated it were convinced that it would be the site of an important city, therefore a good place to live in, a good place to transact business in, and a good place in which to make money on real estate investments. Not having had a boom, Wainwright has never had a backlog. It has grown steadily every month, is still growing, and will continue to grow.

During 1910 fully 100 buildings have been erected, among them being several modern frame and brick residences, costing up to \$3,500. In September, 25 buildings were in course of construction or under contract to be completed this year. Already many new buildings have been planned for next year. There is not a vacant house in town, and there is a demand for rental property of all kinds.

Russell Sage, who accumulated an immense fortune, said: "Real estate is an imperishable asset ever increasing in value. It is the most solid security that human ingenuity has ever devised. It is the basis of all security and about the only indisputable security."

### Millions Made in New Towns

A hundred million dollars was made in 1910 by investors in town lots in Western Canada towns—not by people who thought about investing, but by those who actually invested. This enormous sum represents the increase in value of town property resulting from the growth of the towns and the development of the surrounding country.

At least a hundred millions more will be made in 1911 by those who invest in town lots—not by those who just think about investing, but by those who actually invest. You can pick out any of a score of Western Canada towns and they will point out to you lots which sold a few years ago at \$100 to \$300, which to-day are worth \$1000 to \$10,000. Take any of these towns—Edmonton, Calgary, Regina, Moose Jaw, Saskatoon, Lethbridge, Brandon, Prince Albert, —fortunes have been made by scores who invested a few dollars in town lots when these towns were young.

There will be immense development in Western Canada in the next few years. It is a country capable of supporting many millions of people—a country of practically unlimited natural resources to be developed. These coming millions must have trade centres where they can market their products and from which they may draw their supplies. Scores of the towns of today will tomorrow be cities with more thousands of inhabitants than they now have hundreds. Real estate values grow with population. There are fortunes awaiting those who buy now and participate in the advance.

### The Time to Buy for Big Profit

The time in the history of a new town to buy for big sure profit is after its permanency has been assured, and before it has reached the stage where its future growth is discounted in real estate values. The opportunities for the investor of moderate means do not exist now in Edmonton, Calgary, Moose Jaw, Regina, Saskatoon and such towns that existed a few years ago. They have reached the point where their growth for years to come has been discounted, and where real estate values are based not alone on what they are, but on what they are expected to be.

In investing in a brand new town there is always the risk that it will not amount to much. The time to invest—the only safe and sure time—is after the town has demonstrated that it has behind it forces which will insure its success, and before real estate prices are based on what the town promises to be, rather than on what it is.

Wainwright is just now at the stage when real estate values are based on its present and future growth. In a few weeks Wainwright will be one of the best known and most talked-of towns in Western Canada. Investors who have not heretofore had their attention called to it will be seeking investments there. Those who buy now will have the full benefit of the rush for lots, which is sure to come soon.

The prices fixed on the lots in the new sub-division are low. The object is to build up the town, to attract business men and merchants, mechanics and professional men and capitalists. The G. T. P. will reap its reward, not from the money received for these lots, but from the increased traffic which will secure in and out of Wainwright.

### Buy Now and Get First Choice

This advertisement marks the beginning of a campaign of publicity which will draw the attention of investors throughout Canada and the States to Wainwright. Naturally the best that the G. T. P. has to offer is the sub-division in this sub-division—THE FIRST SUB-DIVISION ADJOINING THE ORIGINAL G. T. P. TOWNSITE that has been offered to this sub-division immediately adjoins the original town, which is built right up to it. The new \$18,000 school house occupies a block right across the street from this sub-division. The block recently purchased for the site of a new Catholic church is right across the street from it.

Every lot in the addition lies flat. The addition is high, overlooking the town, and practically level, open prairie. It is not necessary for purchasers to specify the particular lot or lots they desire. Wire your reservation, stating number of lots and price you wish to pay. We shall select the best lots for the price. We have a representative who is familiar with the ground, and the choice lots will be selected in the order in which applications are received.

If the selection of lots made by our representative is not satisfactory, the Grand Trunk Pacific stands ready to give you your choice of the remaining lots at the same price, or refund all your payments. WE ADVISE THAT YOU DO NOT DELAY, BUT TELEGRAPH RESERVATION AT OUR EXPENSE. Let remittance follow by next mail. In this way you will get the pick of the choice lots. A delay of a day may make a difference of a block in the location of your lots.

Hetty Green's advice to women is: "I advise women to invest in real estate. It is the collateral to be preferred above all others, and the safest means of investing money."

Andrew Carnegie says in the "Empire of Business": "Ninety per cent. of all millionaires become so through growing real estate. More money has been made in real estate than from all industrial investments combined."

## Information for Purchasers

Main Street lots are 50x130 feet. Inside lots on Main Street, \$125; corners \$150. Other lots 50x140 feet. Inside lots \$75 and \$100; corners \$100 and \$125.

Send 10 per cent. of price with application; remainder in nine monthly payments.

Be Sure to mention WAINWRIGHT in your Telegrams and letters relating to these Lots.

### APPLICATION BLANK FOR PURCHASE OF WAINWRIGHT LOTS

Land Commissioner, Grand Trunk Pacific Railway Co., Somerset Building, Winnipeg, Man.

I hereby make application to purchase..... lots at the price of \$..... each, and enclose herewith remittance for \$..... being one-tenth the total purchase price. I agree to remit the same amount each month for nine consecutive months.

I desire your representative to select for me, out of the sub-division which you have just placed on the market to the original townsite of Wainwright, what he regards as the best lots remaining unsold.

Name..... Address.....

### INFORMATION COUPON

(Wainwright Dept.)  
International Securities Co.,  
644 Somerset Building, Winnipeg, Man.

Please forward to me by return mail full particulars regarding the sale of town lots in the subdivision to the original townsite of Wainwright, which is just being placed on the market.

Name.....  
Address.....

Land Commissioner, Grand Trunk Pacific, Winnipeg, Manitoba.

## MOOSEJAW AND THE FIT-REFORM

High Ross is Trying to Arouse Some of the Talent Enthusiasm There.

Moose Jaw, Sask., Nov. 5.—Local hockey players are again hoping to take a prominent part in western hockey, this coming season, and show more enthusiasm than for some time. Their eagerness got them to organize very early, with the result that the Moose Jaw Hockey Club has formed this year before most clubs had begun to think about it.

There are very many good class players, from which they can choose a representative team, in fact, the number is likely to prove not only safe, but disconcertingly so, and will make selection a hard task.

It is hoped that a provincial league embracing four cities, Moose Jaw, Regina, Saskatoon and Prince Albert may be formed, and negotiations are now proceeding to that end. Winners would of course, challenge for the Fit-Reform cup.

Many of the old stars are still available for a nucleus of a new team, including among them Hugh Ross, the old Edmonton Stanley cup player, and some men who visited Edmonton in pursuit of the Fit-Reform cup two years ago.

Besides a provincial league, there are likely to be two city leagues, one of seniors, and another of intermediates. All the clubs now organized are all confident that a successful season is before them.

With such optimism and enthusiasm as a basis, and hockey there already firmly established, it is likely to be better than ever before and meanwhile, with ardent fans and keen players, all are fervently hoping for frost enough to make possible an immediate start on preliminary games.

## BASKETBALL AT THE Y.M.C.A.

Beginner's League is Already Under Way—Senior Team Will be Strongest in Local History.

Basketball tak is seasonable talk in the Y. M. C. these wintry days and leagues are springing up on every side.

The beginners' league is made up of D. Duncan, capt., C. Tompkins, S. H. Wain, C. H. Marshall, A. Cameron, C. P. Kristensen, P. E. Gainer and B. Skinner. H. Goodridge, capt., F. A. Drummond, F. G. Wood, W. E. Bunton, E. G. Warlick, L. Burk and A. McDonald, C. North, capt., J. H. Phillips, W. Livingston, P. Phillips, J. L. Tremblay, G. Tapp and G. Farrar.

The following are the senior players in Edmonton, and most of whom are known in the east:

Messrs. Geo. North, S. K. Ash, W. Dingle, J. D. Britton, N. Clark, W. A. Watt, H. Chown, R. Cullen, C. Dunham, P. F. Brockel, G. R. Jackson, H. Parady, McBride, D. Dun, can, H. Goodridge, McBride, Doc Wilson, R. Farney, Cranston and Hammond.

**Basketball Schedule**  
Monday, Nov. 7, first game, Duncan vs. North.  
Monday, Nov. 7, second game, Nicholson vs. North.  
Monday, Nov. 14, first game Goodridge vs. Nicholson.  
Monday, Nov. 14, second game North vs. Duncan.  
Monday, Nov. 21, first game, North vs. Goodridge.  
Monday, Nov. 21, second game, Duncan vs. Nicholson.

## JOE TINKER MAKES DEBUT

Cub Shortstop Gives Natives of Danville a Taste of His Devilish Ability.

Danville, Ill., Nov. 5.—Joe Tinker, shortstop for the Chicago Cubs, tonight demonstrated that he can act almost as well as he can play ball, when he appeared in a local theater in a sketch created for him. Appearing in football costume he opened the game with a monologue stuzz, telling stories about the players of past and present. Then he sang "Where are the Stars of Yesterday?" naming many in the last verses and chorus. The act closed with moving pictures of the world series, showing the Cubs at pounce; Chance, Overall, Brown, Kling and others in action; Chance and Murphy planning the seating facilities and the crowds in the grand stands. The closing pictures, "Tinker and his Baby" and "Joe Tinker at Bat," evidently were his favorites. The good house was cordially received by a tepid applause.

## ORANGE CHURCH PARADE

Edmonton L. O. L. No. 1794 will attend divine service at McDougall Methodist church tomorrow evening at 7.30. All Orangemen are requested to participate. The members will gather at Cameron's, all corner of Griesbach and Nanayaw Avenues at 6.15 p.m.

## TIGERS CHANGE SIGNALS

Eskimos Got Wise to the Calgary Team's Plays on Monday

(Alberta)

The Tiger rugby team has found it necessary to change their signals for their championship game with Edmonton tomorrow afternoon. Manager Walter Ross of the Tigers said

yesterday that someone tipped the Eskimos off to a number of the Tiger signals and although it did them very little good, nevertheless, Stark, Gibson and some other Eskimos knew what was coming off when they heard the signals called. Just as soon as the signals were called some of the Eskimo players would tell their team mates what the play was.

It was not guess work or any good judgment, but it was a case of being tipped off before the game.

The Tiger plays were so delightfully apparent that a freshman in a deaf, dumb and blind institution would have known what was coming. It is rather mean of the Albertans to deliberately insinuate there was treachery in the Tiger camp.

## RUGBY GAME AT 3 O'CLOCK

Eskimos Hope to Win the Game and Cup Though They Have a Hard Task.

The Eskimos held a final workout in the Y. M. C. A. gym last evening from 6:15 to 7 o'clock with the following players out: Gibson, C. E. McDonald, Kennedy, Parselle, McCarthy, Barnes, O'Donahue, Wilson, Crickmore, Vermette, Starke, Combs, Coach Belanger and Mgr. Benjamin.

The boys were put through signal drill for an hour and everybody ended up on the track for an hour's run. The team this afternoon will be the same as on Thanksgiving Day, with the exception of centre half. Hardisty is too badly injured to play and Doc Wilson will take his place, Grant going to left half.

All the regulars are in the pink of condition except Captain Gibson, and Gibby will watch the game from the side lines if his shoulder is not better than it was last night. In that event, Dr. Crippen Kennedy will play inside wing.

Roughton, McCarthy, Merwin and Conway are the spare men for today. The Tigers' line-up will be the same as has represented the club all season.

Yesterday's Albertan had the following to say about this afternoon's game:

"There will be some football game in the north, because the Eskimos though humiliated are in no way down cast. The team expects not only to win the game, but to win the series as well and that means beating our unbeatable Tigers by a score of something like 20 points, which seems humorous to think about it, but the northern men have a way of doing what they say they will do, sometimes. However, it will be a good game."

The Tigers will have some company. The Young Lions from Western Canada College will go north to trouble the University people. The Alberta Normal students will be ready to jump up against the Alberta College kickers and the Calgary bowlers will go north to roll over the Eskimo allies."

The Western Canada College-University of Alberta game starts at 1:30 sharp as the boys must be off the field before 3 in order to let the Eskimos and Tigers clash.

The Calgary college won in its home town by 28 to 13, but things will be different this afternoon.

The line-up is:

Varsity—West. Can. College. Rutherford...back...Berenshaw Parney...half-backs...Lawson Sells...Johnson Goldwell...McLeod Blayne...quarter-back...McDonald Osterwell...scrimmage...Beattie White...Pannell

Ritson...wings...Bower Hyssop...Plummer Alton...Residen Hotfield...McLaren Young...Armitage Law...Powell

## HANS HOLMER WON

New York, Nov. 5.—The American team consisting of Hans Holmer, formerly of Halifax, N. S., and Wim Quel, won the 20-mile International foot race last night in the world's record of 1:29-1-2-3-4 better than the previous mark.

The Canadian team of Fred Meadows, Abby Woods was second, and the Swedish team of Gustav Lyngstrum and John Svanborg, was third.

## THE HOCKEY MEETING

The annual meeting of the Edmonton Hockey Club will be held in the Young Liberal Club on Wednesday next at 8 o'clock. A large turnout is requested as there is much important business to be transacted.

## BIG SCANDAL IN EASTERN RUGBY

Governors of Inter-Provincial Will Investigate Smith and Williams—Looks Bad

Ottawa, Ont., Nov. 5, 1910 (Special to the Capital)

Ottawa.—One of the biggest sensations here today when it was announced that a meeting of the governors of the Interprovincial Rugby Football Union had decided to investigate the professional stories that have been rampant lately regarding several well-known players. Kid Smith of Hamilton and Jack Williams of Ottawa are the pair that directly caused the investigation. The charges against this pair being so open that the Governors were requested by the Ottawa Club to look into the matter.

If Kid Smith is professionalized it may throw out all the games, but one that the Tigers have played and would practically hand the championship to Montreal. The results of the gathering are waited with keen interest throughout the whole of Eastern Canada.

## OLYMPICS BOWL AT 10.15 AND 6

Jim Mitchell's Calgary Aggregation is in Town Confident of Taking the Series.

All howling enthusiasts are invited to drop into the Olympic Alleys today and witness the games between the Olympics and the Calgary picked team.

Six games will be played, divided into series of three each. The first series was rolled this morning at 10:15 and the second will take place this evening at six o'clock.

Owing to some of the Olympics being unable to get off this morning, Eddie Morris picked eight players, for the two series. The bowlers who are representing Edmonton are: Miller, Carmichael, Simonon, Gossnell, Blackett, Burt, Matthews and C. E. Morris.

The Calgary All-Stars are: Jim Mitchell (Capt.), George Scott, Lief, Smith, McCutcheon and Henthorne.

Manager Matthews of the Edmonton Y. M. C. A. bowlers received word last night from Secretary West of the Calgary Y. M. C. A. howling team that the Cow Town representatives were unable to get together a quintette. Consequently there will be no inter-city games at the local "Y" today.

## WORLD'S SERIES PICTURES

Edmonton baseball fans will soon have an opportunity of seeing the moving pictures of the World's championship baseball games between Philadelphia Athletics and Chicago Cubs. The films will be at Starland on the 16th and 17th of this month.

**Shiloh's Cure**

## ALTA. COLLEGE BEAT CALGARY

Swamped Normal School in Soccer Match This Morning by Score of 5-0.

Edmonton sat down on Calgary good and hard this morning when the Alberta College won from the Calgary Normal school to the tune of 5 goals to nothing. The game was a one-sided one all the way through and the Calgary team never had a look in, the College boys keeping the ball well inside the Calgary twenty-five all the time.

The ground which is covered with about two inches of snow made a very slow game but in spite of this fact the College scored one goal within the first ten minutes. Just after the goal had been scored the ladies arrived on the ground in a bunch amid much cheering, which greatly excited the college so that they promptly scored another goal to mark the event. From that time on the College kept the ball well in the neighborhood of the School goal and soon another was marked up to the Edmonton team. Nothing further happened until half time leaving the score at three goals to nothing.

Soon after the beginning of the second half the College came to the front again with another goal and the rooters of whom there were about forty, danced around the field in their excitement. Soon after Calgary made their one and only break to score and one of the forwards toted the ball down the field at a surprising speed, but unfortunately left it behind him when he got past half way and it was promptly taken up by the College backs and brought back to where it belonged—at the Normal School goal. Another goal was scored by a determined rush by the College and soon after the whistle blew for time, leaving the score 5-0 in favor of the Alberta College.

The teams were:

Alberta College (5) Calgary (0)  
Spratt...goal...Bowling Martin...backs...Sutherland Webster...Richards...half-backs...Spackman Claydon...Thompson...Lyon

Driver...forwards...Curtis  
Husler...Van Allen  
Bailey...Lonsdale...Dunn  
Jackson...Carmichael  
Referee—R. Taylor.

## OLYMPICS WON FIRST

Up to the time of going to press, only one game had been finished at the Olympic Alleys between the Olympics and the Calgary picked team. Edmonton won by eight pins. Matthews was high for local with 108 while Mitchell rolled the excellent score of 207.

The individual scores were—

Edmonton	
Blackett	171
Simonon	187
Gossnell	193
Matthews	198
Lief	175
Morris	127
Totals	872
Calgary	
Scott	161
Smith	172
McCutcheon	149
Lief	145
Mitchell	207
Total	834

## DRAWS KNIFE ON HANS LOBERT

Enraged Fan Fetched Before He Could Do Any Damage to Player

Portsmouth, O., Nov. 5.—Hans Loibert, one of the Cincinnati Reds, traded to Philadelphia, who played in a game here today, came near losing his life at the hands of a spectator, who became enraged at Hans.

In the sixth inning Loibert walked over to the side lines and told a fan who had been yelling at him that unless he behaved himself he would do him up bodily and then have him put out. As Loibert walked back to his position the fans began to throw rocks at him.

Scout Billy Doyle of the St. Louis Browns stood near by and grabbed the enraged man as he drew his knife; the enraged man just as he drew a long knife and was making for Loibert. Doyle and Officer Watkins put the fan outside the grounds.

The Best Place to Buy a Piano  
When QUALITY is the Chief Consideration

The careless purchaser of a piano buys only for today. The intelligent purchaser has the future in view. At the Mason & Risch factory the quality thought is uppermost. No matter what price you pay for a piano, you are entitled to the maximum degree of quality.

The tone, the grade of materials, the character of workmanship are matters that laymen cannot judge accurately. Yet they have the most important relation to the future satisfaction of the purchaser. It is a case where the seller must be trusted to know that every factor is right.

The piano business at the Mason & Risch Factory is founded upon the broad principle that no large success can be expected unless confidence is deserved and it follows each individual sale.

MODERATE MONTHLY PAYMENTS IF DESIRED.

No matter what your requirements are in

# LUMBER

And Building Material of all sorts, we can supply them promptly,  
accurately and cheaply.

# HEATERS

The kind that keeps you warm, that will hold fire over night; that are easy to attend to, and last for many winters. That's the kind you want, and the kind we want to sell you.

**SMALL SIZE AT \$6.00.**  
This is a good heater. Nickel plated mountings. Will heat one fair-sized room.

**NO. 12 MEDIUM SIZE AT \$8.50.**  
Well made. Nicely finished with nickel-plated mountings. A great heat producer for a large room.

**NO. 15, MEDIUM SIZE AT \$10.00**  
A little larger than above. Has large fire pot and heavy grate. Is well finished, and exceptionally good value.

**LARGE SIZE AT \$12.00.**  
Has large fire pot, heavy grate, and nickel plated mountings. Is an all-round good heat producer for two large rooms.

*Why wait until the thermometer gets down below zero?*  
**BUY A HEATER TODAY AND BE COMFORTABLE**

**McCLARY'S HARDWARE**  
419 Namayo Avenue. Phone 2713

## ABOUT TOWN.

\*\*\*\*\*

The Alberta Twin City Poultry association will hold a meeting Monday evening at 8 o'clock in the Mechanics hall. The subject of discussion is winter laying.

The ladies of Christ's Anglican church, presented Mrs. Groat with a silver tray, beautifully engraved, yesterday afternoon at the home of Mrs. Jefferson on Victoria avenue.

Owing to removal to the new building the Post office will be closed to the public this evening at 10 o'clock. Box holders will please remove mail previous to that hour.

A Y. M. C. A. mass meeting will be held on Sunday, Nov. 6th at 4:15 p.m. in the McDougall Methodist church. Rev. H. S. Sneyd will speak on "Light on Life Problems." All men are invited to be present.

The ladies of Westminster church will hold a sale of home-made baking and serve a business men's lunch in connection with theirazaar to be held on Friday and Saturday, Nov. 25th and 26th, in the old post office building.

Holman, Wetaskiwin; Rev. A. B. Archibald, Castor; O. D. Austin, Lethbridge; missionary, Rev. E. S. Bishop, Nanton; Mr. Russell, Camrose; Miss Hattie Hill, Red Deer.

## Who Fills Your Prescription?

### A VITAL QUESTION.

Did you ever stop to think of what importance it is to you to know where your prescriptions are filled and in what manner they are prepared?

What good is a prescription if it is not properly compounded? It may have been written by the highest authority but if it is not compounded to the proper manner it may be absolutely worthless.

### HOW WE FILL PRESCRIPTIONS.

Your prescription will be filled here exactly as the doctor prescribes it by a competent, registered Pharmacist and further, more, the ingredients used will always be of the highest standard of purity and guaranteed so by us.

Our years of practical experience combined with our modern facilities enables us to give your orders the attention they should have.

Whenever you want anything in a hurry from the Drug Store phone 1550 and we will deliver it to you quickly.

## AT THE THEATRES

### SANS FAMILLE.

Another beautiful dramatization from Ray Norton's popular writings was shown at Starland last night under the title of "His New Family" being a clever excerpt from the famous "Sans Famille." The play opens with the departure of a French schoolmaster from his active land for Arizona in order the better to support his wife and child, alone managed to secure work as a miner and made a comrade of one of his fellow workers. Before a year had passed both parents had died but the care at the old home sent the boy by express to the far country before learning of the father's decease. However little Pierre found a happy home with his father's pal and seemed to be quite settled in the miner's camp. His only friends were the motherless children of a neighbor named Smith. While attempting to strike Pierre the brutal fellow slipped over a precipice and was dashed to pieces on the rocks below. Pierre took the little ones to his home and tucked them in bed so that when the first came home he found he was no longer "Sans Famille."

### AT THE EMPIRE.

For an evening full of fun and humor interest Ole Oleon is to be highly recommended and Ben Holmes portrays the Swedish immigrant to perfection.

Ole with his drawny arms and ill-fitting clothes, appeared at first as a huge overgrown dog but is found to have characteristics of highest manhood, physical courage and sympathy with the weak. Mrs. Jordan is being persecuted by her husband who has deserted her and his little daughter is stolen with Ole an unwitting tool. Oleon turns up though at the right moment, rescues the child, and restores her to her mother, the father in the mean time being buried in his death over the bank of the river. The retribution overtakes the second villain Jordan who is captured by Ole and forced to exchange clothes while Ole blossoms out into a loud suit of stylish cut to claim his bride Jennie.

The situations all through the play are most humorous and dramatic and Ole is always master of the situation. The singing is a distinct feature of the entertainment, some of the Swedish dialect songs being particularly pleasing.

### IN THE DISTRICT COURT

In Dale vs. Diddler in the District court yesterday the plaintiff Dale sued for payment of notes on an organ bought from him by the defendant through an agent Jones. The only evidence taken was that of the defendant who understood that the note notes signed by him were warehouse receipts and that his signature was obtained from him by misrepresentation.

Mr. J. T. J. Collison appeared for the plaintiff, Mr. Robertson for the defence. No judgment was given.

### PIN KILLS AFTER 30 YEARS

Woman Dies from Effects of a Bit of Metal She Swallowed When a Girl Newark, N. J., Nov. 3.—A pin which she swallowed 30 years ago has just caused the death here of Miss Mary Shaw. She was eight years old when the pin accidentally slipped down her throat.

## Ladies, Attention!

We have for sale at half price a made to order Persian Lamb Coat, size 38, with deep mink collar, revers and cuffs. Also mink mink to match. This set cost \$300.00 last season and was only in use two months. So they are almost new and positively a beautiful set. This is a genuine sacrifice, as the owner is now living in Los Angeles. Any alterations necessary will be made free of charge. These furs have not been worn in Edmonton. Can be seen at the

### PEOPLE'S MEETING

The series of Pleasant Saturday evenings for the people so auspiciously started last week will be continued this evening in McDougall Methodist Church at 8:15. Besides a musical programme there will be five subjects projected by the new Temperance and Moral Reform League. Photograph. The usual Pathé Gazette occupies first place on the program followed by "Panther Hunting in Abyssinia," "Swiss Mountain Scenery," "An Indian Story," and "The Child and the Burglar," the latter being a pretty story with a fine moral. The McDougall Church Orchestra will play selections during the evening. The admission is ten cents.

The Sunday afternoon meeting at the Orpheum Theatre will be of a musical character an starting from next Sunday will be held from 3 to 4 instead of 4 to 5 as previously. These meetings are gaining in interest week by week.

### ARRESTED AT WOLF CREEK

A man named A. Morrison was arrested in Wolf Creek yesterday on a charge of issuing bogus cheques. The cheques were issued to amounts of about \$25. He will arrive in Edmonton this evening and will be taken to the K. N. W. M. P. barracks.
